1. On 22 December 1950, the Albert Kaserne on Macherstrasse, Yamenz (N 52/A 41), quartered a tank unit. Troops observed wore red-bordered black epaulets, some with tank insignia. A T-34 tank, parked in front of an open garage, had a white number and an upright rhombus on its turret. About 150 soldiers wearing red-bordered black epaulets were engaged in close-order drill in the barracks yard. They seemed to be recruits. Two units, each of 40 soldiers who wore red-bordered black epaulets, marched out of the installation. COs with the units were armed with submachine guns and wore tank insignia.
